

**2010 CFF Golf Invocation**  
- Ike Coffin

Will you please remove your hats and bow your head with me:

Lord, let us pray silently together, each of us according to our individual beliefs.

Let us offer thanks for our food and blessings for one another.

Lord, let us be a source of hope for those in need, and contentment for those who are lonely.

Thank you for the opportunity to come to this beautiful area to enjoy each other's company and to celebrate another golf event - we all feel extremely fortunate.

Lord, may You bless this year's benefactors - Robert Haynes and Tessa Satterlee - and watch over as they battle their illnesses!

Please watch over our family and friends who have gone before us and are now in Your hands!

We thank all participants, sponsors and volunteers who have come from far and wide to support this event.

May they all return home safely with memories they will cherish and a renewed sense of community.

In this time of war, we pause to remember our men and women in uniform protecting America here and throughout the world. Without their dedication we would not be able to enjoy this small piece of Americana.

With Your blessings we will all be here in 2011 to enjoy our commitment to our "small town values"

Amen!!
